DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination (RCE) under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's amendment filed on 6/2/2009 has been entered and the supplemental reissue declaration filed on 1/4/2010 has been received.

Reissue Oath/Declaration

2. The reissue oath/declaration filed on 01/04/2010 is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. That is, the declaration does not sufficiently specify the error upon which the reissue is based, since it does not specify what the original claims included or lacked.

3. See MPEP § 1414, II (C), which states in part:

Any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error. A statement of "failure to include a claim directed to," and then presenting a newly added claim, would not be considered a sufficient "error" statement because applicant has not pointed out what the other claims lacked that the newly added claim has, or vice versa. Such a statement would be no better than saying in the reissue oath or declaration that "this application is being filed to correct errors in the patent which may be noted from the change made by adding new claim 10." In both cases, the error has not been identified.

Here, applicant refers to new claim 12 directed to a process for making a sandwich fiber web, but fails to specifically point out what the original claims lacked that the newly added claim has. For example, the declaration could specify that the original claims were directed to a product and apparatus and therefore failed to cover a method of [>insert some specific method limitations covered in claim 12 but not covered by the other claims<].

4. Claims 1-16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defects in the declaration are set forth in the discussion above, in this Office action.

Allowable Subject Matter

5. Claims 1-16 would be allowable if the rejection based upon the defective reissue declaration under 35 U.S.C. 251 is overcome.
